WOODRUFF'S CASH NURSERY

Rural Route No. 1

EUGENE, OREGON

BUY NOW

Twentieth Anniversary Catalogue and Price List

INFORMATION

LOCATION — Nursery and Floral Gardens situated on the Pacific Highway, 1½ miles north of Eugene. Visitors always welcome. Personal selection of plants and shrubs is more satisfactory and plants will be marked and held till proper planting time.

PLANTING SEASON—Stock should not be planted until dormant in the fall. Under ordinary weather conditions, trees and shrubs can be set out after October 15, and as late in the spring as the middle of April. Fall planting is preferable as a rule, as roots form all winter and start growing early with the spring weather.

TIME TO ORDER—It is advisable to order early as a better selection and a more complete assortment may be had.

GUARANTEE — The living of trees and shrubbery is largely dependent upon conditions of soil, weather and after care beyond the nurseryman's control; therefore, we do not guarantee any stock to live after leaving the nursery in good condition. If there is any cause for complaint please advise promptly upon receipt of stock. We do, however, warrant stock true to name and will replace any that proves otherwise.

TERMS OF PAYMENT — Our business is operated on a **strictly cash basis**. Customers will please forward remittance with order where immediate shipment is desired. No goods will be shipped C. O. D. unless twenty-five per cent of the amount of the order is sent to guarantee acceptance of shipment.

ENGLISH WALNUTS

Vrooman Franquette Walnut Trees

	Each	10	100
3 to 4 feet.....	\$.75	\$ 7.00	\$ 60

LANDSCAPE DEPARTMENT

Best results are obtained in landscape work where experienced men exercise their skill to attain an artistic arrangement of choice trees and plants. We are always glad to offer suggestions without charge to intending purchasers, but where landscape problems require plans and specifications, a service charge will be made.

Our prices on landscape work are based entirely on the customer's wishes as to the variety and amount of shrubs they prefer so that one can feel free to put in the kind of planting they require. We extend you the privilege of visiting our nursery where all plants can be seen and selected to your satisfaction. We have all sizes and prices to choose from which will enable you to beautify your homes at a cost which is satisfactory to all.

Plant Perennials in the Fall
